PROFILE

I am an aspiring web developer with a genuine passion for technology and modern web design. I focus on building responsive, user-friendly web applications with clean code, while continuously expanding my technical skills toward becoming a skilled Full-Stack Developer.

TECHNICAL SKILLS

Frontend	React.js, Next.js (App Router), TypeScript, Tailwind CSS, JavaScript (ES6+), HTML5 & Accessibility
Backend	Node.js & Express, MongoDB & Mongoose, RESTful API Architecture
Tools	Git & GitHub, VS Code & Tooling, Vercel & Netlify deployment

EXPERIENCE

Frontend Developer | Aspiring Software Engineer

Independent Development & Personal Projects | Remote / Self-Directed | 2025 – Present

Building modern, responsive, and user-centric web applications with a focus on reusable component architecture, responsive UI design, and clean, maintainable code.

- Architecting responsive frontend web applications with React.js, Next.js, and Tailwind CSS.
- Implementing reusable component architecture, clean state handling, and accessible semantic markup.
- Writing clean, maintainable code following modern development practices and performance standards.
- Continuously exploring emerging web technologies and full-stack software paradigms.

PROJECTS

Bazar Check — **Market & Commodity Tracker**

A responsive web app to check, track, and manage market commodity prices, with instant budget and expense calculations.

Tech: React, Next.js, Tailwind CSS, TypeScript, Vercel

Live Demo | Source Code

FitLog Workout Library — **Health & Fitness Tracker**

A fitness tracking app to build workout routines, log sets and reps, and track progress, with persistent client-side storage.

Tech: React, TypeScript, Tailwind CSS, Local Storage, Vercel

Live Demo | Source Code

DevStack Builder — **Developer Utility Platform**

An interactive tool to assemble, organize, and visualize tech stacks across frontend, backend, database, DevOps, and testing layers.

Tech: React, JavaScript, Modular Architecture, Netlify

Live Demo | Source Code

EDUCATION

Diploma in Computer Science & Technology (Diploma Engineering)

Habiganj Polytechnic Institute | Habiganj, Sylhet, Bangladesh | 2024 – Present (Ongoing)

Building a rigorous understanding of computer programming, software engineering fundamentals, data structures, algorithm design, and modern full-stack web architectures.

LANGUAGES

- English: Conversational proficiency
- Bengali: Native proficiency
